Re: DART + Coastal North Railway Order 2024 - Northern Line between Dublin City Centre and Drogheda including the Howth Branch
Dublin City Centre and Drogheda, located in counties Dublin, Meath and Louth

Dear Sir / Madam,

An Bord Pleanála has received your recent submission in relation to the above mentioned proposed railway order and will take it into consideration in its determination of the matter. Please accept this letter as a receipt for the fee of €50 that you have paid.

The Board will revert to you in due course with regard to the matter.

Please be advised that copies of all submissions received in relation to the application will be made available for public inspection at the offices of the relevant County Councils and at the offices of An Bord Pleanála when they have been processed by the Board.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: www.pleanala.ie.

If you have any queries in the meantime please contact the undersigned officer of the Board at laps@pleanala.ie Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Aisling Reilly
Executive Officer

Re: An Bord Pleanála about DART+ Coastal North

Dear Sir, Madam

This letter is to list our concerns re: removal of direct DART Service to Bayside, Sutton, Howth

1. Loss of direct DART services

The direct DART services from Howth, Sutton and Bayside to the city centre and beyond are vital to keep our communities connected.

DART services have been running to Bayside, Sutton and Howth for 40 years, and a direct train service has been running to Howth Station since 1847.

2. Level crossings

A shuttle DART service operating every 10 minutes in each direction would cause the level crossings to be closed for up to 30 minutes of every hour.

For example, the crossing at Sutton Station could be closed for more than 32 minutes of every hour, and the Baldoyle Road crossing could be closed for more than 30 minutes of every hour in a worst case scenario. (Appendix A6.1 Dart+ Coastal North Level Crossing Assessment page 11)

3. Increased traffic

The traffic assessment submitted by Irish Rail as part of their application shows that longer closures of the level crossings will result in more traffic congestion.

The traffic study states that traffic queues on Baldoyle Road could be up to 59% longer than they currently are. (Appendix A6.1 Dart+ Coastal North Level Crossing Assessment page 29)

This has the potential to impact traffic on the wider road network including buses and cars that aren't passing through the level crossings.

4. Sustainable travel

It is National Policy to encourage people to use sustainable transport instead of their cars.

77% of people who took part in the 2nd public consultation said they would not be encouraged to use the DART over their cars. (Appendix A3.2 PC2 Findings Report page 21)

Furthermore, Irish Rail's 2nd public consultation report found that:

“The loss of direct services to Dublin City Centre was regularly cited in submissions as grounds for existing DART users from the Howth Peninsula to revert from DART usage to private car usage.”

- Appendix A3.2 PC2 Findings Report page 33

Removing direct DART services does not align with our national transport and climate policy.

5. Accessibility

A shuttle DART service will require people to transfer DARTs at Howth Junction Station if they want to continue into the City Centre.

This will cause difficulties for people with disabilities, limited mobility, and wheelchair users where they need to use the lifts in the station. We are both autistic and this will impact our experience travelling from Sutton to our school (DAV, 13 Prussia Street) every day.

In 2023 the Irish Independent reported that lifts at Irish Rail stations were marked out of service over 800 times in just 18 months. It can take days, and even weeks for lifts to be repaired.

For these reason please reconsider the proposed changes

Kind regards,

Mr. Colm Cahill & Ms Fiona Cahill
