**Re:** DART + Coastal North Railway Order 2024 - Northern Line between Dublin City Centre and Drogheda including the Howth Branch  
Dublin City Centre and Drogheda, located in counties Dublin, Meath and Louth

Dear Sir / Madam,

An Bord Pleanála has received your recent letter in relation to the above mentioned case. The contents of your letter have been noted.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: [www.pleanala.ie](http://www.pleanala.ie).

If you have any queries in relation to the matter please contact the undersigned officer of the Board at [laps@pleanala.ie](mailto:laps@pleanala.ie)

Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Aisling Reilly  
Executive Officer  
Direct Line: 01-8737131

### **Re: DART + Coastal North Project**

To whom it may concern, I wish to lodge an official objection to the proposed development of the Dart + Coastal North Project .

My reasons for this objection are as follows:

#### **1. Loss of direct DART services**

The direct DART services from Howth, Sutton and Bayside to the city centre and beyond are vital to keep our communities connected. This is an invaluable service and provides me with the means of meeting with my family and friends without using my car thus reducing my carbon footprint on our precious planet.

DART services have been running to Bayside, Sutton and Howth for 40 years, and a direct train service has been running to Howth Station since 1847.

#### **2. Level crossings**

A shuttle DART service operating every 10 minutes in each direction would cause the level crossings to be closed for up to 30 minutes of every hour.

For example, the crossing at Sutton Station could be closed for more than 32 minutes of every hour, and the Baldoyle Road crossing could be closed for more than 30 minutes of every hour in a worst case scenario. (Appendix A6.1 Dart+ Coastal North Level Crossing Assessment page 11)

#### **3. Increased traffic**

The traffic assessment submitted by Irish Rail as part of their application shows that longer closures of the level crossings will result in more traffic congestion.

The traffic study states that traffic queues on Baldoyle Road could be up to 59% longer than they currently are. (Appendix A6.1 Dart+ Coastal North Level Crossing Assessment page 29)

This has the potential to impact traffic on the wider road network including buses and cars that aren't passing through the level crossings.

#### **4. Sustainable travel**

It is National Policy to encourage people to use sustainable transport instead of their cars. 77% of people who took part in the 2<sup>nd</sup> public consultation said they would not be encouraged to use the DART over their cars. (Appendix A3.2 PC2 Findings Report page 21)

Furthermore, Irish Rail's 2<sup>nd</sup> public consultation report found that:

*"The loss of direct services to Dublin City Centre was regularly cited in submissions as grounds for existing DART users from the Howth Peninsula to revert from DART usage to private car usage."*

- Appendix A3.2 PC2 Findings Report page 33

Removing direct DART services does not align with our national transport and climate policy.

## **5. Accessibility**

A shuttle DART service will require people to transfer DARTs at Howth Junction Station if they want to continue into the City Centre.

This will cause difficulties for people with disabilities, limited mobility, and wheelchair users where they need to use the lifts in the station.

In 2023 the Irish Independent reported that lifts at Irish Rail stations were marked out of service over 800 times in just 18 months. It can take days, and even weeks for lifts to be repaired.

## **6. Local businesses**

The loss of direct DART services will have significant negative impacts on local business in Baldoyle, Sutton and Howth.

Businesses will have to grapple with delays to their deliveries and longer journey times for staff and customers.

## **7. Oral Hearing**

I would like to request that An Bord Pleanála calls an Oral Hearing for the DART+ planning application in order to give the members of the public an opportunity to air their views.

Yours sincerely

Rosemary O'Neill
